

Take University Ave. from 13th St., and go east, past downtown. The first major intersection you come to will be Waldo Rd. and University Ave. Go through the intersection, and get in the right lane as soon as possible because the road forks, and you want to take the right fork. The right fork becomes Hawthorne Rd. Drive down Hawthorne Rd. till you get to the Sheriff's Dept. There is a stoplight there. Turn right at the light, onto SE 27th St. Drive down to SE 21st Ave. and turn left. You'll pass a small, new, white church with a green roof, and right after it is our development: Celebration Oaks. Pull in and park where you find a spot.
